RESEARCH REPORT: RR 25375
(CSI # 07 18 13)

BASED UPON ICC-ES EVALUATION
REPORT NO. ESR-2097

REEVALUATION DUE
DATE: April 1, 2016
Issued Date: June 1, 2014
Code: 2011 LABC

GENERAL APPROVAL – Reevaluation/Clerical Modification - Pli-Dek walking deck and roof covering systems

The above assemblies and/or products are approved when in compliance with the description, use, identification and findings of Report No. ESR-2097 reissued July 1, 2013, of the ICC Evaluation Service, Incorporated. The Report in its entirety is attached and made part of this general approval.

The parts of Report No. 2097 marked by the asterisks have been removed by the Los Angeles Building Department from this approval.

DISCUSSION

The Clerical Modification is to change the contact person and telephone number.

The report is in compliance with the 2011 City of Los Angeles Building Code.

The approval is based on tests and analysis in accordance with ICC-ES AC39, ASTM E119 and report of wind uplift testing in accordance with Factory Mutual 1-52.

RE: Pli-Dek walking deck and roof covering systems\

This general approval will remain effective provided the Evaluation Report is maintained valid and unrevised with the issuing organization. Any revision to the report must be submitted to this Department for review with appropriate fee to continue the approval of the revised report.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this Approval have been met in the project in which it is to be used.
