Storage:

Protect from freezing. Do not store container in direct sunlight.

Application Instructions:

Apply stencil in desired pattern once the GU80 Custom Top Coat or GU80 Top Coat has cured in accordance with Template Application Instructions T-121.

Duct tape can be used to bridge the gaps where the templates are not tightly adjoined.

After applying the stencil, the GU80 Custom Grout Coat Mix can be troweled into the template using the thickness of the template as a guide, at a rate of 150 square feet per mix. Texture can be added to the wet mix if desired.

After the GU80 Custom Grout Coat Mix has cured, allow for a minimum of 2-6 hours. the stencils should be removed. Any "bleeders" should be fixed by using the same GU80 Custom Grout Coat Mix
